CHEMCAP™ VENTILATED CHEMICAL STORAGE SHELVES AND CUPBOARDS

Evaporation from drips and open containers contributes considerably to poor quality air within the laboratory. Chemcap chemical storage cupboards and shelving systems are ideal for a laboratory requiring a low cost ventilated storage system that does not need ducting or any associated building works. version is available.

PROTECT YOUR LABORATORY STAFF AND IMPROVE THE LABORATORY ENVIRONMENT

SAFETY FIRST: Chemcap filtration systems offer protection to laboratory staff from hazardous fumes, aerosols, vapours or gases. Chemicals are retained in the carbon filter and clean air is returned back to the laboratory.

A continually operating Chemcap filter system, such as one within a storage system, will remove odours and purify air within the laboratory. It freshens up the environment, making it a safer, more pleasant place to work and improves the wellbeing of laboratory personnel.

CONVENIENT: An important feature of a Chemcap storage system is its portability; it can be moved easily to wherever laboratory procedures are to be undertaken.

CHEMCAP FILTRATION

Bigneat offers a multi-purpose (universal) filter which should be selected when a system is to be used for storage of a variety of different chemicals.

For best performance Bigneat's chemist recommends choosing an optimised filter which will give the best retention and long filter life.

CHOOSING YOUR OPTIMISED CHEMCAP™ FILTRATION

Filters OS and H+ are suitable for most organic and acid vapours. However we recommend when:	Composition of vapours filtered		Carbon Filter Type
Organic compounds predominate	ORGANIC VAPOURS secondary acids	→	Filter OS
Acid compounds predominate	ACID VAPOURS secondary organic vapours	→	Filter H+
Formaldehyde predominate	FORMALDEHYDE	→	Filter F
Ammonia predominate	AMMONIA	→	Filter AM
Uses are varied	MULTIPURPOSE	→	Filter MP

DESCRIPTION AND TECHNICAL INFORMATION

Model	Description	Dimensions mm (external wxdxh)	Capacity in litre bottles
CS 812	Ventilated shelf store for use with chemicals in daily use, supplied with Chemcap filter of pre-determined type.	830 x 250 x 620	10
CS 822	Ventilated shelf store for use with chemicals in daily use, supplied with Chemcap filter of pre-determined type.	830 x 410 x 720	48
CS 834	Floor standing cupboard supplied with 5 compartments. Doors have magnetic catches and are lockable. Chemcap filter of pre-determined type.	823 x 510 x 1960	100
CS 844	Floor standing cupboard supplied with 5 compartments. Doors have magnetic catches and are lockable. Chemcap filter of pre-determined type.	1618 x 510 x 2035	200

Bigneat provides 24 months Comprehensive warranty* on its products, extendable to 7 years when combined with Bigneat's Service Contract.

*T&Cs apply, consumables not included.

KEY FEATURES

Cupboards 834 & 844

- Clear cast acrylic transparent doors are light and easy to clean
- Magnetic catches on doors
- Adjustable height shelves

OPTIONS AND EXTRAS

FOR CUPBOARDS 834 & 844

- /FSA Electronic Filter Saturation Alarm (suitable for organic solvents)
- /AA Autocal Airflow Alarm
- /XC Upgrade to 10 Compartments
- /XXC Upgrade to 20 Compartments

FOR DUCTED INSTALLATION

Chemcap cupboards (834/844) can be supplied without filtration and with Top Hat Spigot for connection to laboratory ducting.

FREE ASSESSMENT SERVICE

Please contact us for a free assessment form; our chemist will review and suggest the best filter for your purposes.

You may download an assessment form at www.bigneat.com/filtration/

Power supply: 230V, AC, 50Hz, 5Amp, 10 or 110V, AC, 60Hz, 8Amp, 10.

QUALITY ASSURED

Bigneat is accredited to BS EN ISO 9001: 2008

Bigneat systems are CE marked

Asbestos Inspection Cabinets are assembled and tested to UL 61010-1
